# Veritas Corporate Licensing Program Data Sheet

**VERITAS** 

Streamlined access to the industry's leading information management solutions for academic organizations

## Overview

The Veritas Corporate Licensing Program (CLP) is designed to provide any commercial organization a simple purchasing process to access our entire portfolio of software, appliances, maintenance/support and services (Offerings).

CLP purchases issue with standard certificate-based terms and can be made through any Certified Veritas Partner.

To participate in the Veritas CLP, customers simply request a quote and submit their PO to their chosen Veritas Partner. In return, customers will receive a certificate directly from Veritas which confirms their order and indicates terms and conditions for the items purchased.

All customers will be assigned a unique identifier at the time of initial purchase. This identifier will be used to track additional purchases and can be used to effectively view, track purchased Offerings and maintenance/support renewals.

Additional information on the Corporate Licensing Program can be found at <a href="https://www.veritas.com/licensing/corporate">www.veritas.com/licensing/corporate</a>
